

Sprint Daily Standup Calls

Sprint 2 - Daily Standup Calls				
Date	Team Members	What did I do yesterday for the project?	What am I going to do today for the project?	Are there any issues?
31/10/2022	Bala Subra Maniyan SR	-	To work on website queries form	No
	Swedha B	-	Training and Testing the Model	No
	Tharunkumar S	-	Training and Testing the Model	No
	Vijay S	-	Read the regression metrics documentation	No
01/10/2022	Bala Subra Maniyan SR	Completed the queries form feature	To work on the alumni cards of universities	Unable to integrate the alumni section
	Swedha B	Linear regression results are low	Continuation work	Overfitting problem occurs
	Tharunkumar S	Linear regression results are low	Continuation work	Overfitting problem occurs
	Vijay S	Documentation read completed	Evaluate the model with different metrics	Find that model is overfitted
02/11/2022	Bala Subra Maniyan SR	Try to resolve the issue raised	Continuation work on alumni section	No
	Swedha B	Search for the solution	Continuation work	Check for L1 and L2 regularisation
	Tharunkumar S	Analyse the model for overfit issue	Continuation work	Ridge and Lasso performs to be analysed
	Vijay S	Solution was found	Evaluate the model after regularisation	Change in models performance
03/11/2022	Bala Subra Maniyan SR	Alumni section feature was integrated to website	To work on previous and present year cut-off marks display feature	Issue in processing marks from website
	Swedha B	Ridge and Lasso seems to perform well	Continuation work	GridSearchCV or RandomizedSearchCV
	Tharunkumar S	Hyperparameter tuning to be used	Continuation work	RidgeCV or LassoCV
	Vijay S	Scaling helps model to do good	Evaluate the model after tuning	RandomizedSearchCV not suitable for low dataset
04/11/2022	Bala Subra Maniyan SR	Search for the solution for the problem	Continuation work on marks display features	No
	Swedha B	Tuning results were analysed and got good results	Continuation work	No
	Tharunkumar S	Inbuilt cross validation with Ridge and Lasso performs well	Continuation work	No
	Vijay S	RidgeCV and LassoCV looks great	Evaluate the final model	No
05/11/2022	Bala Subra Maniyan SR	Completed the marks display feature	Verification work on completed tasks	No
	Swedha B	Training and Testing the model was done	Save the model	No
	Tharunkumar S	Training and Testing the model was done	Verify the saved model in pickle file	No
	Vijay S	RidgeCV provides best results all time.	Test the saved model with new values	No
