Team Meeting

19 NOVEMBER 2022 / 10:00 AM / CONFERENCE ROOM

Attendees

Bala Subra Maniyan SR, Swedha B, Tharunkumar S, Vijay S

Agenda

Last Meeting Follow-up

Web applications developed and passed the testing phase 1 would be used for the further process in cloud deployment.

Meeting Topic

Sprint 4 - IBM Cloud Deployment and Evaluation II

User stories features

Notes

- Discuss about the web application deployed in a IBM cloud that has been done and no further changes.
- Testing phase 2 was done successfully and resolved the issues raised (includes User Acceptance Testing).
- Web application works well in the cloud as we expected and passes the testing phase 2 and is ready for the public use.

Action Items

1. Web application was successfully deployed in IBM cloud and ready for public use.
2. Testing phase 2 evaluation of application was passed and good to go.
3. All sprint features were successfully added in the web application.

Next Meeting Agenda

Project ended and this is the last meeting, no more next agenda.
